

Horsepower For The Turns!

You're no average driver. Don't settle for average suspension performance. Take your Mustang to the next level of style, ride and handling with Eibach. Each suspension kit is carefully researched, calibrated and racetrack-tested for your specific application, delivering the elusive combination of aggressive looks, superior ride, flat, sure cornering and gratifying response. Whether you drive a Mustang Cobra, a Mustang GT or a convertible, Eibach has just the right setup to deliver the performance you are looking for. Your Mustang is a living legend. Shouldn't you make the leap to legendary suspension performance? From mild to wild, choose the right level of suspension performance:

Stage 1 Pro-Kit or Sportline

The first step in suspension performance. Perfect for the daily driver with good stock or aftermarket shocks. Upgrade to the **Pro-System** to include shocks--and save on buying individual kits.

- High Performance Handling
- Lower Center of Gravity--Lowers vehicle 1.0"-1.5"
- Progressive Spring Design
- Excellent Ride Quality
- Million Mile Warranty

- Extreme Performance Meets Extreme Style
- Race-Car Like Handling
- Lowers Vehicle 1.7" - 2.3"
- Progressive Spring Design
- Excellent Ride Quality
- Million Mile Warranty

Stage 2 Pro-System

Tuned performance spring and shock package for the performance you crave and the ride quality you need. Upgrade to the **Pro-System-Plus** to include sway bars--and save on buying individual kits.

- Pro-Kit + Pro-Damper
- Excellent Performance: Low Look--Superior Cornering
- Surprisingly Smooth Ride Quality
- Precision Engineered Suspension System
- No Guesswork: Install, Set the Alignment and Drive
- Million Mile Warranty

Stage 3 Pro-System-Plus

The complete suspension package: performance springs, shocks and sway bars that deliver exceptional performance on the street and the track.

- Pro-Kit + Pro-Damper + Anti-Roll-Kit
- Super-Street Performance-- Without Sacrificing Ride Quality
- Complete, Precision Engineered Suspension System
- No Guesswork: Install, Set Alignment and Carve
- Maximum Performance--Maximum Comfort
- Million Mile Warranty

Stage 4 Pro-Street-S

Maximum lowering for all out street or track performance. Ride-height adjustable coil-over kit puts you in control.

- Easy Ride-Height/Corner Weight Adjustability--Lowering 0.8" - 3.0"
- Optimal Tuning for Aggressive Performance
- Rust-Free Stainless Steel Technology
- Two-Year Warranty

Stage 5 Multi-Pro-R1

The next level in coil-over suspension performance. Ride-height and single compression & rebound damping adjustable coil-over kit--for lower lap times on the track or adjust the damping and ride height for optimum street performance

- Single Adjustable Rebound and Compression Damping
- Easy Ride-Height/Corner Weight Adjustability--Lowering 0.80" - 2.5"
- Monotube Design w/46mm pistons for Maximum Street and Track Performance
- Spring Rates can be tuned with a wide range of Eibach Motorsport ERS Springs (available separately)
- Stainless-Steel Damper Bodies for Extreme Durability and Corrosion Protection

Stage 6 Multi-Pro-R2

Multi-Pro-R2: Designed for maximum performance, period. Ride-height and dual separate compression & rebound damping adjustable coil-over kit with remote reservoirs. Can be adjusted for over-the-top street performance--or to extract the last ounce of cornering power at the track. Perfect for the club racer who demands the best.

- Independently Adjustable Rebound and Compression Damping with Remote Reservoir
- Easy Ride-Height/Corner Weight Adjustability--Lowering 0.80" - 2.5"
- Monotube Design w/46mm pistons for Maximum Street and Track Performance
- Spring Rates can be Tuned with a Wide Range of Eibach Motorsport ERS Springs (available separately)
- Precise Spherical Upper Bushing Mount
- Stainless-Steel/Teflon Braided Reservoir Lines
- Legendary Eibach Suspension Quality and Tuning
- 100% Designed and Built at Eibach U.S.A.
